ENVIRONMENTAL POLICY

ENVIRONMENTAL MANAGEMENT TO BS/EN/ISO 14001: 2004

International Recycling Limited specialises in the Brokerage of Recycled Paper and Plastic products.

International Recycling Limited cares about the environment in all its forms, and recognises that concern for the environment should be an integral and fundamental part of the business.

International Recycling Limited is aware of the effect of its operations on the environment; its objective is to balance the need to achieve its business aims with the need to protect and improve the local and global environment.

International Recycling Limited conducts its operations to comply with all existing environmental legislation, has procedures in place to capture changes in legislation and aims to minimise the risk of all forms of pollution,

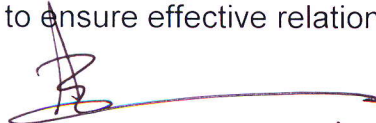

International Recycling Limited has identified the key areas of energy consumption and usage and the selection and use environmentally friendly organisations as significant environmental aspects.

International Recycling Limited has the objective to reduce the environmental impact of the company activities and to encourage suppliers and customers to adopt sound environmental practices

International Recycling Limited will ensure that appropriate resources are available to achieve the effective implementation and maintenance of the environmental system.

International Recycling Limited provides any relevant information pertaining to the environment to ensure effective relations with the local and global community.

Signed

Nick Brien
